

Ice hockey box laminate

The ice hockey box is ideal for changing rooms in ice hockey arenas. The ice hockey box is also used in other facilities.

The hockey box is made of laminated chipboard and is ideal for changing rooms in hockey arenas. It is also used in other facilities where lockable lockers are not necessary. The ice hockey box is offered in two basic variants - either with an open or closed space under the bench. Components of the box are a lockable compartment with a slot for valuables, two double hooks and two shelves. The box is designed for up to two people.
