

Fire brigade cabinet IPB

The IPA fire brigade locker is designed for rescue services and fire brigades. The wardrobe can be equipped with further details such as adjustable feet and tiltable helmet holders.

One half of the cabinet is open so that clothing and equipment can be accessed immediately during an operation. Steel shelves can be equipped with feet (height 100 mm) and levelling screws. With the special tiltable helmet holder it is possible to remove the helmet more easily. This is an additional equipment at extra charge.

Feature Fire brigade cabinet IPB
