

Metal locker 3-door

Due to their design and high quality, metal wardrobes provide reliable equipment for changing rooms.

Metal lockers are used mainly in changing rooms of various facilities (companies, schools, sports facilities, hospitals, etc.) due to their design and high quality. Welded frame construction of steel sheet thickness from 0.8 to 1 mm guarantees strength and minimises assembly costs.

Feature Metal locker 3-door

Article number INTECH:	67030
